

Rathbone Global Opportunities Fund

Investment objective

We aim to deliver a greater total return than the Investment Association (IA) Global Sector, after fees, over any five-year period. Total return means the return we receive from the value of our investments increasing (capital growth) plus the income we receive from our investments (dividend payments). We use the IA Global sector as a target for our fund's return because we aim to achieve a better return than the average of funds that are similar to ours.

We compare our asset allocation to the FTSE World Index to give you an indication of how our fund is positioned against the global stock market.

Investment strategy

This is a stock-picking fund, which means we invest in a small number of global stocks. We search developed countries for innovative and scalable businesses that are growing fast and shaking up their industries.

To be successful, we believe businesses have to offer something that others can't match - a star quality. They must be easy to understand, different to their competitors, durable to change and difficult to imitate. Companies must have a plan to grow rapidly without running out of money or overstressing their resources. Our speciality is spotting these businesses before they are household names.

We buy companies of all sizes, but our sweet spot is mid-sized growth companies in developed markets. We avoid investing in companies listed in emerging markets.

We avoid investing in businesses which have previously performed poorly, preferring those with an unblemished past. We don't invest in unpredictable sectors with poor growth prospects. To reduce risk, we hold a defensive bucket of companies with slow and steady growth that should be less sensitive to the economy.

Management

James Thomson
Lead Fund Manager

James has been at Rathbones for more than 20 years and has been the lead manager on the Global Opportunities fund since 2003. He is an executive director of Rathbones' fund management business. He was educated in the United States, originally hails from Bermuda and still rides a scooter to work.

Sammy Dow
Fund Manager

Sammy co-manages the fund along with James. He joined Rathbones in July 2014 from JP Morgan Cazenove, where he worked for 14 years in Pan-European Equity Sales providing both primary and secondary advice to Hedge Funds, Institutional and Private clients.

Important information

Copies of the Prospectus, the Key Investor Information Document (KIID), the Supplementary Information Document (SID), and application forms may be obtained, free of charge, from Rathbone Unit Trust Management Limited.

Emerging markets are volatile and may suffer from liquidity problems. Changes in rates of exchange between currencies may cause the value of investments to decrease or increase.

Details of tax levels and reliefs may change in the future. The value of any tax relief depends on individual circumstances. If you have doubts about your tax position, or the suitability of this investment, you should seek professional advice.

To meet the investment objective, the fund may also invest, at the Manager's discretion, in other transferable securities, money market instruments, warrants, cash and near cash, deposits and units in collective investment schemes. Use may be made of stocklending, borrowing, cash holdings, hedging and other investment techniques permitted by the FCA Rules.

The annual management charge and other income expenses are paid out of the fund's income.

Information notes

If you require clarity on any of the terms used in this factsheet then please refer to our Supplementary Information Document for further explanation.

^The ongoing charges figure (OCF) includes the Annual Management Charge and all appropriate costs that may be deducted from the fund's assets, in line with current regulatory and industry guidance. Where appropriate, the OCF may include a synthetic element relating to the costs incurred in underlying collective investment undertakings, where permitted by the Prospectus. The OCF is included in the Annual or Interim report and are calculated biannually.
